"Only those who have suffered with influenza and have been cured can appreciate how grateful I feel that such a splendid medicine as Peruna has been placed at the door of every man and woman. I only wish that all knew of its fine qualities.

"In cases of catarrh of the stomach and head I have seen some remarkable cures through its use. I consider your Peruna the finest remedy on the market and worthy of the confidence of all good people."

LYNCHBUBE, VA., September 25.—The second exhibition of the Interstate Fair.

The forests and fields are abundantly supplied with vegetation of various kinds, not alone to beautify the land, but to furnish the ingredients for making a remedy for every ill and ailment of mankind. Medicines made from the roots herbs and barks, which nature has placed at the disposal of man, act better in every way than do strong mineral mixtures and concoctions—the products of the chemist's shop. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, the chiral translation of the stomach and bowels.
